

TREASURY DEPARTMENT

BUREAU OF THE MINT

Washington, November 14, 1899.

ational Electric Supply Company,
No. 1423 New York Avenue
Washington.

Gentlemen:

I would be obliged if you will send a mechanic to the
laboratory of the Bureau of the Mint, Treasury Department, to make
the following repairs:-

The Shifter of the blowing fan; repairing the cutting
wheels; replacing the pulley used in driving the agitator.

This work should be attended to immediately as the work of
the Assayer has been delayed by the breaking down of these machines.

You will please forward this letter with your account.

Respectfully,

A handwritten signature in cursive script, reading "A. T. Butler", is written over a horizontal line.

Acting Director of the Mint.

TREASURY DEPARTMENT
BUREAU OF THE MINT
Washington,

November 14, 1899.

National Electric Supply Company,
No. 1423 New York Avenue
Washington.

Gentlemen:

I would be obliged if you will send a mechanic to the Laboratory of the Bureau of the Mint, Treasury Department, to make the following repairs:-

The Shifter of the blowing fan; repairing the cutting shears; replacing the pulley used in driving the agitator.

This work should be attended to immediately as the work of the Assayer has been delayed by the breaking down of these machines.

You will please forward this letter with your account.

Respectfully,
[Signature] Benjamin F. Butler,
Acting Director of the Mint.
